"At La Tratt, you can be assured that your wine is carefully taken care of and served in the best viable way. Impossible to miss the exhaustive explanation on glassware, Coravin and decanting, and something that always puts me at ease when ordering a good bottle of wine. There are several aged wines, both from Australia and the rest of the world; choose your "old gem" carefully or ask the sommelier for their recommendation. It's great to see that some Australian institutions, such as Henschke and Penfolds, are well balanced by Mediterranean wines with an equally long and rich history. A compact list, but there is a lot to choose from. The sommelier's dedication and research are certainly at the forefront."

CORAVIN
Stop opening, start tasting.

WINE BY THE GLASS

All premium wines that are available by the glass use the state of the art Coravin Anti Oxidation system

WINE GLASSES

The glasses we use to serve your wine are Riedel Crystal Glasses from the Vinum Extreme range. Riedel glasses are designed to recognise the bouquet, taste, balance and finish of wines. This is affected by the shape of the glass from which they are drunk. Please enjoy the experience.

DECANTING

Premium red wine is decanted to ensure your wine has the opportunity to breathe and soften, so you receive the full aroma and flavour.
